Due to some feedback from neighbors, we're trying something a bit new and will be splitting the RNA Meetings into a General Meeting with information for all and a Board Meeting that will lean more heavily on policies and organization-specific discussions and votes. To make sure there's time for both we're moving the start time up from 7pm to 6:30pm. So change your clocks, and we'll see you then!

Who: You and all your favorite neighbors...don't have a favorite? Then find somebody and bring them with you!

What: Follow up from the Moving Forward Workshop, Mulugeta Seraw, APPP and Division, City's Updated GNA Policy, and more*

When: General Meeting 6:30-7:30; Board Meeting 8:00-9:00

Where: Basement of Waverly Church (3300 SE Woodward)

Why: Because these are all things relevant to our neighborhood

Looking forward to seeing our community come together and grow,
